V. SMILE®
MOTION™
ACTIVE LEARNING SYSTEM

USER'S MANUAL

Little Einstein elements © Baby Einstein.
EINSTEIN™ HUJ.

Dear Parent,

At **VTech**[®], we know that every year, children are asking to play video games at younger and younger ages. At the same time, we understand the hesitation of most parents to expose their children to the inappropriate content of many popular video games. How can parents responsibly allow their children to play these games, and still educate and entertain them in a healthy, age-appropriate manner?

Our answer to this question is **V.Smile[®] Motion[™] Active Learning System**. A big breakthrough for junior gamers, **V.Smile[®] Motion[™]** takes educational video gaming to a whole new level with a motion-activated gaming system that engages both active minds and bodies.

V.Smile[®] Motion[™] plugs directly into the TV to provide kids with a high-tech gaming experience using thrilling, age-appropriate learning games and a motion-activated, intuitive wireless controller. The **V.Smile[®] Motion[™] Active Learning System** engages children with two modes of play: the Learning Adventure - an exciting exploratory journey in which learning concepts are seamlessly integrated, and the Learning Zone - a series of games designed to focus on specific skills in a fun, engaging way. Each Smartridge[™] game encourages active gaming while giving kids' minds a workout, too, as they learn basic math, reading, science, spelling and more.

At **VTech**[®], we are proud to provide parents with a much-needed solution to the video game dilemma, as well as another innovative way for children to learn while having fun. We thank you for trusting **VTech**[®] with the important job of helping your child explore a new world of learning!

Sincerely,

Julia Fitzgerald
Vice President, Marketing

CARE & MAINTENANCE

1. Keep your **V.Smile® Motion™** clean by wiping it with a slightly damp cloth. Never use solvents or abrasives.
2. Keep the unit out of direct sunlight and away from direct source of heat.
3. Remove the batteries when not using it for an extended period of time.
4. Avoid dropping it. **NEVER** try to dismantle it.
5. Always keep the **V.Smile® Motion™** away from water.

WARNING

A very small percentage of the public, due to an existing condition, may experience epileptic seizures or momentary loss of consciousness when viewing certain types of flashing colors or patterns, especially on television. While the **V.Smile® Motion™ Active Learning System** does not contribute to any additional risks, we do recommend that parents supervise their children while they play video games. If your child experiences dizziness, altered vision, disorientation, or convulsions, discontinue use immediately and consult your physician. Please note that focusing on a television screen at close range and handling a joystick for a prolonged period of time may cause fatigue or discomfort. We recommend that children take a 15-minute break for every hour of play.
