*Dear Parent,*

*Ever notice the look on your baby's face when they learn something new through their own discovery? These self-accomplished moments are a parent's greatest reward. To help fulfill them, VTech® created the **Infant Learning**® series of toys.*

*These unique interactive learning toys directly respond to what children do naturally – play! Using innovative technology, these toys react to baby's interactions, making each play experience fun and unique as they learn age-appropriate concepts like first words, numbers, shapes, colors and music. More importantly, VTech®'s **Infant Learning**® toys develop baby's mental and physical abilities by inspiring, engaging and teaching.*

*At VTech®, we know that a child has the ability to do great things. That's why all of our electronic learning products are uniquely designed to develop a child's mind and allow them to learn to the best of their ability. We thank you for trusting VTech® with the important job of helping your child learn and grow!*

*Sincerely,*

*Your friends at VTech®*

## GETTING STARTED

### BATTERY INSTALLATION

1. Make sure the unit is turned **OFF**.  
Locate the battery cover on electronic box inside the unit. Use a screwdriver to loosen the screw.
2. Install 2 new 'AA' (UM-3/LR6) batteries following the diagram inside the battery box. (The use of new alkaline batteries is recommended for maximum performance.)
3. Replace the battery cover and tighten the screw to secure.

## BATTERY NOTICE

- Install batteries correctly observing the polarity ( +, - ) signs to avoid leakage.
- Do not mix old and new batteries.
- Do not use batteries of different types: alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium).
- Remove the batteries from the equipment when the unit will not be used for an extended period of time.
- Always remove exhausted batteries from the equipment.
- Do not dispose of batteries in fire.
- Do not attempt to recharge ordinary batteries.
- The supply terminals are not to be short-circuited.
- Only batteries of the same and equivalent type as recommended are to be used.
- If the batteries are removed from your cub for more than 30 seconds, you will have to reset the cub's internal clock by connecting it to the **Learning Lodge™**.

### WE DO NOT RECOMMEND THE USE OF RECHARGEABLE BATTERIES.

With the **VTech® Cora The Smart Cub™**, safety comes first. To ensure your child's safety, please ensure the battery cover is securely locked into position to avoid injury.

### ATTENTION:

This product is in a try-me mode in the packaging. After opening the package, turn the cub off and on again to proceed with normal play.

# PRODUCT FEATURES

## PERSONALIZING YOUR CORA THE SMART CUB™

- **About Me:** Follow the instructions to personalize your cub with your child's name, birthday and favorite things.

Important: Please enter the time and date where you live to set your cub's internal clock.

- **Special Days:** Choose days that are special to your child and save them to your cub. **Cora The Smart Cub™** will reference these days as they approach when your child presses his left hand.
- **Personal Messages:** Choose up to 11 special messages for your cub to say to your child, such as morning, afternoon and bedtime greetings, as well as loving messages for any time of day. Hear time-related messages by pressing your cub's tummy, and hear loving messages by pressing the heart button.
- **Stories:** Your cub can be personalized with stories starring your child! Personal content chosen in the About Me section will be added to the short stories that you choose here. Hear the stories by pressing your cub's right hand
- **Music:** Choose music to add to your cub. Select up to 8 playful sing-along songs, 15 playtime melodies and 15 bedtime melodies. Be sure to save the sing-along songs and playtime melodies first, then choose bedtime melodies and save again. Enjoy the downloaded music by pressing your cub's right foot and left foot.

- You can return to any screen at any time to make changes.
- To begin playing, disconnect **Cora The Smart Cub™** from your computer and remove the USB cable from your cub.

If your cub has been connected to the **Learning Lodge™** for more than 15 minutes without input, the cub will play a reminder, then go into sleep mode. Disconnect your cub from your computer, then turn it off and back on again to resume play.
